JPMorgan Chase & Co  
Bengaluru  
Karnataka

Dear Sir/Madam,

I am writing to express my interest in the Software Engineer - QA Automation position at JPMorgan Chase & Co, as advertised. I'm having a Bachelor of Engineering in Computer Science and Engineering and I am working as a Test Engineer at Infosys and having around 2.8 years of hands-on experience in Quality Assurance and Automation Testing, I am excited about the opportunity to contribute to your team.

During my tenure as a Test Engineer, I have gained my skills in Integration test execution, test case design, and defect recognition and all the SDLC and STLC phases. I have successfully performed Sanity Testing, Regression Testing, System Integration Testing (SIT), and supported User Acceptance Testing (UAT). My daily participation in scrum calls, sprint planning, and sprint review meetings has enhanced my collaborative abilities with the stakeholders that ensure seamless integration within Agile environments.

Key highlights of my experience include:

- **Automation Expertise:** Proficient in Selenium WebDriver, TestNG, and Java, I have automated web applications using Maven which enhances testing efficiency.
- **Technical Proficiency:** Experienced in Manual Testing, Automating Manual Testcases using Selenium, Building code with Maven, Linux commands, Bash scripting, and automating VM creation using Vagrant and AWS Services.
- **Project Management:** Managed and executed testing for significant projects like BHP Migration from IIB to Mule, Vitterra Contract Automation Implementation, and Syngenta Environmental Streamlining.
- **Defect Management:** Skilled in reporting and managing bugs using tools such as HPALM and TFS Azure, and reviewing test reports to prepare comprehensive test summary reports.

In addition to my technical skills I am having ability to understand business requirements, create and modify test cases, and perform thorough functional, regression, and system integration testing has consistently contributed to the success of my projects.

I am looking for the opportunity with JPMorgan Chase & Co due to its commitment to innovation and excellence. I am eager to bring my strong analytical skills, attention to detail, quick learning techniques and dedication to quality to your esteemed team. I am confident that my background and skills align well with the requirements of this position, and I am enthusiastic about the opportunity to grow and contribute to the company.

Thank you for considering my application. I look forward to the possibility of discussing how my background and skills will be beneficial to the company. Please feel free to contact me to schedule an interview.

Sincerely,  
R V S Siva Kumar Singanapalli
